Is an Equal Opportunity Affirmative Action Employer

Technician Announcement Number: 05-047

AGR Announcement Number: 05-348

Position: Equipment Specialist (IT), GS-1670-09

Brief Description of Duties: Provide specialized expertise and guidance to squadron maintenance personnel on a wide variety of sophisticated, highly complex tactical communications and support equipment. Collects, analyzes, interprets, and provides specialized information about assigned equipment to unit equipment operators and maintainer. Maintains and examines records of maintenance work performed. Investigates trends involving reports of incidence of repair and abnormal consumption of man-hours and material. Establishes priorities on a daily basis for repair of complex equipment or components having a high priority and whose malfunction would prevent a mission essential operation. Establishes short and long-range plans and schedules for periodic maintenance of electronic tactical communication and support equipment. Applies Squadron Commander's weekly or monthly maintenance schedules and sequence of operations. Incorporates Commercial Off the Shelf (COTS) equipment into squadron mission operations, as well as maintenance control processes. Assists with the identification, monitors the interchange or substitution, and authorizes the cannibalization of equipment when parts are needed for higher priority repairs. Prepares the Status of Resource and Training report. Serves as the Unit Data Base Manager for the Core Automated Maintenance System and other automated systems. Develops training programs for assigned personnel. Ensures mobilization readiness of management element personnel and equipment. Performs other duties as assigned.

Qualifications: GS-09

General Experience: Experience which has provided a knowledge of one or more classes of equipment. The experience must demonstrate the applicants possession of (1) The ability to understand and interpret standard shop terminology; (2) A practical knowledge of the mechanical principles relating to equipment, a practical knowledge of the construction, operation, overhaul, maintenance, repair or installation of equipment; (3) The ability to read and interpret blue prints and technician publication; and the ability to write and speak clearly.

Specialized Experience:

Must demonstrate **twenty-four (24) months** experience in which the following Knowledge, Skills, and Abilities (KSA's) as described below have been attained.

Knowledge, Skills and Abilities (KSA's) Statements

1. Knowledge of the technical theory of electronic communications concepts, principles, practices, procedures, policies, standards, and operational requirements.
2. Knowledge of maintenance and repair of various types of complex communications equipment and components.
3. Knowledge of activity, staff, support operations, resources, training, man-hours, equipment, supplies, and materials, etc., sufficient to plan, schedule, and prioritize workload in accordance with mission requirements.
4. Knowledge and understanding on the use of electronics, communications equipment and components terminology, data, and standards, and how to relate them to new projects, expectations, and capabilities.
5. Ability to communicate both orally and in writing.

**Current Unit assignment, AFSC/SSI and Military grade must be included on application.
Incomplete applications will not be considered for employment**
